

New Horizons Telecom, Inc. is looking for a highly motivated, qualified individual to join our team as a Generator Technician. New Horizons Telecom specializes in delivering turnkey telecommunications infrastructure solutions for clients within all major commercial sectors and industries.

The Generator Technician will be responsible for maintaining the electrical and mechanical systems of diesel, propane, natural gas and gas-powered generators by providing preventive and corrective maintenance, installations, inspections and general equipment repairs.

### **Essential Duties and Responsibilities**

- Troubleshoot and repair electrical systems on generators, automatic transfer switches, generator controls and engine related mechanical failures.
- Knowledge of equipment controls, alarms and the attendant software.
- Travel for extended periods in support of installation and maintaining remote communications sites throughout Alaska.
  - Travel will typically be via fixed wing and or helicopter to access these locations.
- Individual must be a self-starter, willing to work alone or in groups.
- Experience with fuel and exhaust system installations & fabrications.
- Keeps equipment available for use, maintenance schedules and repairs
- Generator operations, including disassembly, inspection, and maintenance, identifying, troubleshooting, diagnosing and repair of associated systems
- Staying current on industry trends, including licensing requirements
- Assist with Mobilization/Demobilization of equipment to job sites and around the facility.
- Ensuring that all safety policies and company rules are followed.

### **Minimum requirements:**

- At least 5 years of experience working in a similar position.
- High School Diploma or GED required.
- Welding and fabrication experience, certifications preferred.
- Valid driver's license and pre-employment drug testing is required.
- Must be in good physical condition and capable of lifting 70 pounds.
- Knowledge of Technical Manuals and Service Handbooks

Salaries are based on experience and an excellent benefits package is available to qualified employees. If you feel you are a qualified candidate for this position, please email your cover letter and resume to [jobs@nhtiusa.com](mailto:jobs@nhtiusa.com).
